American Airlines Adds New Nonstop Route to Phoenix

OKLAHOMA CITY, December 7, 2017 – American Airlines announced that it will begin nonstop service from Oklahoma City to Phoenix, AZ beginning April 3, 2018. Phoenix Sky Harbor becomes the fifth American hub served nonstop from Will Rogers World Airport. The new route enhances American’s connecting options throughout the west, as well as many international destinations.

“We are thrilled to see American continue expanding in the market,” says Mark Kranenburg, airports director. “American has a long history in Oklahoma City and we anticipate that the additional service will only strengthen its presence here by providing our customers more options for travel.”

Over the last several years, American has shown confidence in the OKC market with the addition of two other nonstop destinations, Los Angeles, CA and Charlotte, NC. The carrier has also increased capacity by adding larger aircraft on certain routes such as Dallas/Ft. Worth. The cities currently served nonstop by American from WRWA are: Charlotte, Chicago, Dallas/Ft. Worth, Los Angeles and Phoenix.

The new Phoenix service will utilize the Bombardier CRJ-900 offering two-class service. The schedule is as follows:

Oklahoma City to Phoenix

Departs	Arrives
1:00pm	12:58pm

Phoenix to Oklahoma City

Departs	Arrives
8:35am	12:30pm

*Note exact times may vary slightly

Flights may be booked through aa.com.

###

Will Rogers World Airport is the city’s commercial airport and accommodates over 3.8 million travelers each year. The airport serves 23 nonstop airports with an average of 65 daily departures. Will Rogers World Airport is owned by the City of Oklahoma City. The Oklahoma City Airport Trust oversees the management and operation of the airport.
