Temporary Closure of Portland Avenue Between SW 54th and SW 74th Streets

Beginning Monday, February 8, Portland Avenue between S.W. 54th Street and S.W. 74th Street will be closed to through traffic. This will impact some daily commuters to businesses at Will Rogers World Airport as well as Field Aviation, Atlantic Aviation, AAR-Oklahoma, Oklahoma Air National Guard, and the Metro Tech Career Aviation Center.

The street is being closed to facilitate the installation of storm water drainage structures. The closure is part of a larger project that is relocating Portland Avenue between the two streets closer to Interstate 44.

It is anticipated that the road will be closed approximately two weeks, depending on weather.

Alternate routes:

- Southbound travelers should use I-44 and exit on S.W. 74th Street. From there, drivers can continue southbound on Portland Avenue or north to access Atlantic Aviation.
- Northbound travelers should use I-44 and exit on S.W. 59th Street. From there, drivers can continue northbound on Portland Avenue or south to access Field Aviation.
