### **OKC Increases Nonstop Service to Seattle and Atlanta This Summer**

[OKC Will Rogers International Airport](#) (OKC) travelers now have more direct flight options this summer thanks to Alaska Airlines and Frontier Airlines.

Alaska Airlines will begin a second nonstop service to Seattle, Washington, (SEA) from July 16 to Aug. 19. Both flights will operate with B-737 planes, which typically hold 175 seats.

Frontier Airlines announced it will fly nonstop to Atlanta, Georgia, (ATL) from May 22 to Aug. 17. This nonstop service will operate three times a week. With the addition of Atlanta, Frontier's nonstop destinations from OKC include Denver, Las Vegas and Orlando.

"This is great news for Oklahoma City," Airports Director Jeff Mulder said. "Seattle is a busy market for OKC, and we are happy to see this service grow. Adding Atlanta with Frontier gives our passengers more options with our low-fare carriers. We appreciate Alaska and Frontier's commitment to our community."

Flights are on sale now at [flyfrontier.com](https://flyfrontier.com) and
